

Short Communications

- 4:40 p.m. Clinical Experience with Urine TXB₂ in Acute Renal Allograft Rejection
H. Steinhauer
University of Freiberg, Germany
- 4:55 p.m. Renal Preservation by Prostaglandins and Alkaline Buffers. A Comparative Study.
D. Nghiem, H. Elkadi, J. Southard, M. Brubacher, D. Scott and T. Smith
University of Iowa, Iowa City
- 5:10 p.m. Lipocortin in Renal Cells, Physiological Relevance
F. Russo-Marie, B. Rorthut and J. Grunfeld
Institut Pasteur, Paris, France
- 5:25 p.m. The Effects of PGE₂ on T-Lymphocyte Function are Subset Specific
M. Jordan, R. Hoffman and R. Simmons
University of Minnesota
Minneapolis
- 5:40 p.m. Survey of Inflammatory Mediators and Cytotoxins in Cardiac Allograft Rejection
R. Lowry, W. Powell, D. Blais and D. Marghresco
McGill University
Montreal, Canada

BAR

Thursday, April 10, 1986

Chairmen:

C. B. Anderson, USA and D. M. Sachs, USA

- 8:30 a.m. Role of Leukotriene B₄ in T-Cell Activation
J. Goodwin
Wisconsin University
Milwaukee, Wisconsin
- 9:00 a.m. Promotion of Killer Cell Activity with Interleukin 2
S. Rosenberg
National Institutes of Health
Bethesda, Maryland
- 9:30 a.m. Prostaglandin Feedback Mechanisms for Interleukin 2
W. Farrar
National Cancer Institute
Frederick, Maryland

- 10:00 a.m. The Role of Thromboxane in Immune Mediated Renal Injury
V. Kelley
Harvard Medical School
Boston, Massachusetts

10:30 a.m. COFFEE BREAK

Chairmen:

J. Burdick, USA and J. Light, USA

- 11:00 a.m. Vicious Cycle in Allograft Rejection
P. Hayry
Helsinki University
Finland
- 11:30 a.m. Cytotoxic Cells and Their Modulation by Leukotrienes and Prostaglandins
M. Rola-Pleszczynski
University of Sherbrooke
Canada
- 12:30 p.m. Intrarenal Prostaglandins in Allograft Rejection
J. Mangino and C. Anderson
Washington University
St. Louis, Missouri

1:00 p.m. LUNCH

Chairmen:

P. Hayry, Finland and R. Saunders, USA

- 2:00 p.m. Biological Role of Platelet Activating Factor
P. Braquet
Henri Beaufour Institute
France
- 2:30 p.m. PAF and Transplant Rejection
G. Camussi
University of Torino, Italy
- 3:00 p.m. Lipid Mediators in Renal Allograft Rejection
P. Klotman
Duke University
Durham, North Carolina
- 3:30 p.m. BAR

SPONSORS

Ciba-Geigy Corporation
Sandoz Pharmaceuticals
Ipsen International
Merck-Frosst Canada
American Tobacco Company
Wellcome, U.K.
National Kidney Foundation, Capital Area Affiliate
The Upjohn Company
Pharmacia Laboratories
Ortho Pharmaceutical Corporation

FIRST ANNUAL ALEXIS CARREL CONFERENCE

Lipid Mediators in Organ Transplantation

April 8-10, 1986

Location

Georgetown Marbury House
3000 M Street, N.W.
Washington, D.C. 20007
(202) 726-5000

LOCAL ORGANIZING COMMITTEE

M. L. Foegh, Chairman
M. R. Alijani
J. A. Cutler
G. G. Helfrich
P. W. Ramwell

LOCAL ADVISORY COMMITTEE

J. Balow, Chief
NIADDK, National Institutes
of Health

C. O. Callender, Vice-Chairman
Department of Surgery,
Howard University

M. Corn, Dean, School of
Medicine, Georgetown University

P. A. Englert, Executive Director
NKF, National Capital Area

M. C. Gelfand, Associate Professor
Department of Medicine,
Georgetown University

J. A. Light, Director
Transplant Program
Washington Hospital Center

J. C. Rose, Vice-Chancellor
Georgetown University

R. B. Wallace, Chairman
Department of Surgery
Georgetown University

J. F. Winchester, Associate
Professor, Department of
Medicine, Georgetown
University

INTERNATIONAL ADVISORY COMMITTEE

C. B. Anderson, USA
A. Beaufour, France
P. Braquet, France
R. Calne, UK
G. Camussi, Italy
C. B. Carpenter, USA
W. L. Farrar, USA
A. W. Ford-Hutchinson, Canada
M. E. Goldyne, USA
J. S. Goodwin, USA
P. J. Hayry, Finland
M. L. Hess, USA
F. Hirata, USA

J. Humes, USA
S. W. Jamieson, USA
B. D. Kahan, USA
P. Klotman, USA
T. I. Malinin, USA
J. Rokash, Canada
M. Rola-Pliszczynski, Canada
S. A. Rosenberg, USA
D. H. Sachs, USA
G. E. Schreiner, USA
H. Sinzinger, Austria
T. B. Strom, USA

SECRETARIAT

Iris Manning

Division of Transplant
Georgetown University Hospital
Kober-Cogan Building, Room 206
Washington, D.C. 20007

Telephone (202) 625-2444

The proceedings will be published

Registration Fee: \$125
Graduate Students and Fellows: \$35

Selected posters will be published.

Tuesday, April 8, 1986

1:00 p.m. REGISTRATION
Georgetown Marbury House
3000 M Street, N.W.

Tuesday Evening
The Embassy of France
4101 Reservoir Road, N.W.

7:00 p.m. WELCOME
M. Faure
Attache to His Excellency the
Ambassador

7:20 p.m. Alexis Carrel at Georgetown
J. C. Rose
Vice-Chancellor
Georgetown University

7:35 p.m. Life of Alexis Carrel
Rev. J. T. Durkin
Georgetown University

7:45 p.m. Organ Transplantation: Our
Debt to Alexis Carrel
G. B. Helfrich
Director, Transplant Division
Georgetown University

8:00 -
10:00 p.m. RECEPTION

Wednesday, April 9, 1986
Georgetown Marbury House
3000 M Street, N.W.

8:15 a.m. WELCOME
R. B. Wallace
Chairman, Department of
Surgery
Georgetown University

Chairmen:
M. Goldyne, USA
A. Ford-Hutchinson, Canada

8:25 a.m. Medical Achievements of Alexis
Carrel
T. I. Malinin
University of Miami, Florida

8:45 a.m. Pathophysiological Role of
Eicosanoids
P. Ramwell
Georgetown University

9:15 a.m. Lipid Mediators in Organ
Transplantation
M. Foegh
Georgetown University

9:45 a.m. Which Effects of Corti-
costeroids are Expressed
Through Lipocortin?
F. Hirata
National Institutes of Health
Bethesda, Maryland

10:15 a.m. Lipoxins - Do They Have a
Biological Role?
J. Rokash
Merck-Frosst
Pointe Claire, Duval, Canada

10:45 a.m. COFFEE BREAK

Chairmen:
J. Goodwin, USA and F. Dray, France
11:15 a.m. Leukotriene and Leukocyte
Function
A. Ford-Hutchinson
Merck-Frosst
Pointe Claire, Duval, Canada

12:15 p.m. Lymphocyte and Macrophage
Interaction Through Arachi-
donate Metabolism
M. Goldyne
University of California
San Francisco

12:45 p.m. LUNCH

Chairmen:
G. Schreiner, USA and M. Visner, USA
2:15 p.m. Does Cyclosporine Accelerate
Atherosclerosis
M. Hess
Medical College of Virginia
Richmond, Virginia

2:45 p.m. Possible Attenuation of Graft
Atherosclerosis with PGE
Analogues
S. Aziz and S. W. Jamieson
Stanford University
Palo Alto, California

3:15 p.m. Cyclosporin A and its Effect on
Interleukin 1, Interleukin 2
and Gamma-Interferon
C. T. van Buren
Texas University
Houston, Texas

3:45 p.m. AFTERNOON TEA

Chairmen:
C.T. van Buren, USA and A. Johnson, USA
4:15 p.m. Miniature Swine as a Model
for Organ Transplantation
D. H. Sachs
National Institutes of Health
Bethesda, Maryland
